

Building lower middle market companies in partnership with management for over two decades.

About Benford Capital

Founded in 2004, Benford Capital Partners is a Chicago-based, operationally oriented private equity firm focused on buying and building smaller, lower middle market companies. We take stewardship seriously and understand family and founder-owned businesses. Our goals are simple: help companies scale and realize their potential, while preserving culture and legacy. We pride ourselves on the partnerships we build and conduct business in a straightforward, consistent, and forthright manner.

We have deep experience and a proven track record helping businesses grow and thrive organically and via add-on acquisitions. Our focus is on industries where we have a track record of investment and operating success. Together with our Operating and Executive Partners, we bring a collaborative approach to strategy, execution, and value creation.

Since 2004, Benford Capital has acquired 23 businesses and is currently investing from its first committed fund.
